CHRIS WALLER'S
HEART OF A CHAMPION
California

Dear Community Partner:

The GymJam Foundation, a non-profit organization that supports amateur athletics and local charities, in partnership with Gymnastics Olympica U.S.A., also a non-profit organization, are **looking for partners who want to help change the lives of children with heart disease while elevating youth sport**. We invite you to partner with one of the West Coast's premier gymnastics facilities, Gymnastics Olympica, as it prepares to host its 19th annual competition, Chris Waller's Heart of a Champion Invitational, February 13-15, 2026 at the Pasadena Convention Center. The GymJam Foundation and Gymnastics Olympica, will host over 6,000 gymnasts and spectators from around Southern California and all over the United States during this two-day competition. Our community partners involved in the event will be recognized in signage at the event and in our information package to our participants. In addition, they will be announced throughout the weekend. This is a unique opportunity to support youth athletics and a life changing charity.

One of the competition's primary goals is to help change the lives of children with heart disease by supporting Camp del Corazon. To date, **the GymJam Foundation has donated more than \$130,000 to Camp del Corazon.** A portion of every gymnast's entry fee, spectator fees, and all proceeds from on-site fundraisers will be donated to the camp. Along with supporting the work of Camp Del Corazon, Heart of a Champion gets youth engaged in community service in meaningful ways.

Please take a look below at how you can support and make meaningful change. Your commitment and support of these incredible athletes and Camp Del Corazon is deeply appreciated. Let's help kids with heart disease and those competing in sport rise together.

Sincerely,

Chris Waller
